

JEAuditFlow 审核工具下载步骤

1. Enter "Company Portal" in the search field and press Enter to search. (For English systems: Enter "Company Portal" and press Enter to search.)

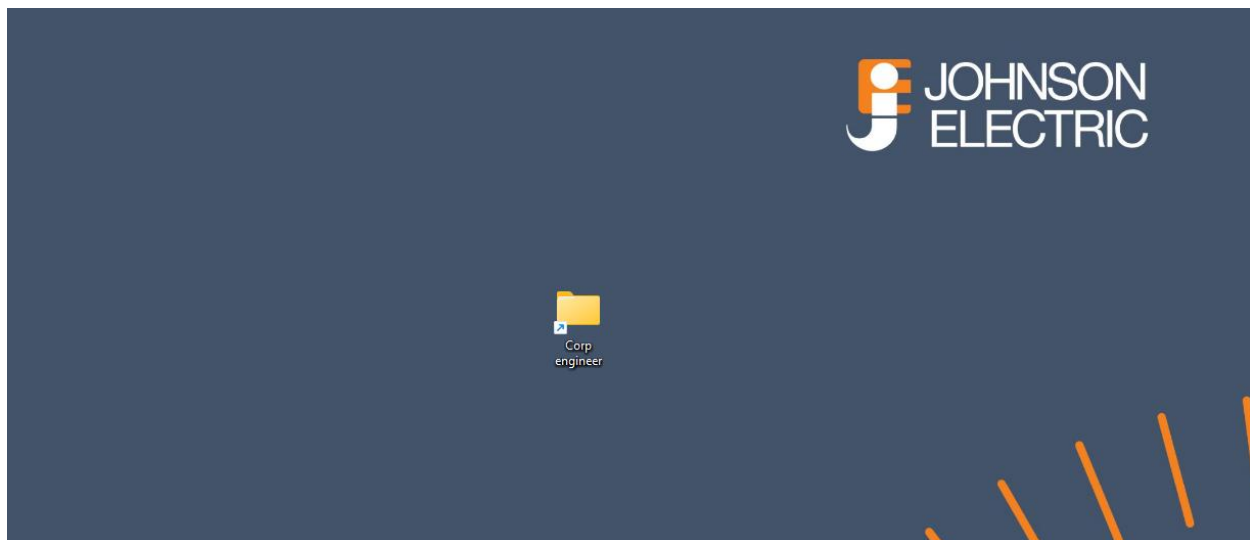

2. Download the Aspice Audit Assistant tool. After logging into your company portal, follow the steps shown in the diagram below to search for the app. Once you find the desired audit tool – JEAuditFlow – simply click the "Install" button to begin the installation process.

3.Run the program by navigating to the path C:\Corp Engineer\JEAuditFlow\JEAuditFlow-Desktop-1.0-Portable-win-x64 and executing AuditFlowDesktop.exe – this allows for plug-and-play operation without any installation.
